Materials Technology Institute Presents

Refiners Roundtable II

MTI is hosting the fourth in a series of processing industry technical meetings, Refiners Roundtable II. The event will be held on Monday, October 23rd, at the Omni La Mansion del Rio hotel in San Antonio, Texas. This roundtable precedes AmeriTAC 124, and all members are invited to participate.

The preliminary agenda includes a tour of the Southwest Research Institute, where visitors will learn about SWRI's research capabilities and current projects related to our industry. In addition to this interesting trip, we are planning a technical program that includes:

- Keynote Presentation Focusing on Industry Hot Topics
- MIC Presentation
- CUI Panel Session
- HTHA Discussion
- Duplex Project Update
- Learning from Failures – Interactive Lunch Session
- Networking and Social Hour

Be sure to mark your calendars for this special opportunity for members and invited producer company guests.

San Antonio, Texas • Monday, October 23rd, 2017
